

# Shandong Donglin New Materials Co.,Ltd.

## Our Unique Products

Products	Types (our products)	Main Features	Applications
SAN Processing Aid	DL-801	1.Faster fusion time 2.Better gloss surface 3.High output rate 4.Cost-effective	PVC pipe, pipe fitting,PVC door, PVC foaming shoes etc.
	DL-869		PVC foaming sheet,indoor PVC opaque application, ABS,ASA and ABS/PC etc.
PVC Foaming Regulator	DL-530	1.Faster fusion time 2.High melt strength 3.Cost-effective	PVC foaming shoes and thin PVC foaming sheet etc.
	DL-628	1.Higher MW and less use level 2.Fastest fusion time 3.Excellent melt flowability 4.Lower melting points	1.Soft PVC products,like PVC leather 2.Other rigid PVC opaque application which has the cost-saving and super- fusion promotion needs
	DL-638	1.Super high MW and less use level 2.Super high melt strength	1.PVC foaming sheet,especially for thick foam sheet
	DL-688	3.Excellent melt flow 4.Faster fusion time	2.PVC foaming product with higher filler adding level needs
	DL-698	5.Wide process window	3.Foaming WPC
CGA Series Impact Modifier	CGA-243	1.Very fast fusion time 2.Excellent elongation rate and toughness 3.Excellent low-temperature impact strength 4.Better weatherability 5.Excellent powder flow and no caking	1.Replace CPE+PA or CPE only with less dosage 2.For all PVC opaque application,like PVC profile, PVC drainage pipe, PVC conduit pipe, PVC panel, PVC fence, WPC and PVC ceiling etc.
	CGA-244	1.Super high low temperature impact strength and less use level 2.Excellent weatherability 3.Excellent powder flow and no caking 4.Excellent toughness and elongation rate at break	1.Replace AIM+CPE with less dosage 2.PVC window profile,PVC pressure pipe and other opaque PVC product which has the super-high impact needs
Processing Aid for Pipe Fitting	DL-P001	1.Very fast fusion time 2.Excellent melt flow 3.Higher melt strength 4.Higher Vicat softening points 5.Better weatherability 6.Endow pipe fitting with much better surface glossiness	PVC pipe fitting
