

Plasticizer

Plasticizers are substances that are added to brittle materials to make them softer, more flexible or stretchable. Phthalate-free plasticizers are used always more as environmentally friendly substitutes for phthalates. Distona Ltd offer a wide Portfolio of plasticizers that are used in various industries.

Phthalate free Plasticizer	CAS-Nummer	Phthalates	CAS-Nummer
(Bis(2-Ethylhexyl)adipate) / DOA	123-79-5	Diethyl phthalate / DEP	84-66-2
Acetyl-tri-ethylcitrat / ATEC	131-11-3	Diisononyl phthalate / DINP	28553-12-0
Acetyl-tri-2-ethylhexylcitrat / ATOC	77-89-4	Di-2-(ethylhexyl)-phthalate / DEHP	117-81-7
Tri-n-butylcitrat / TBC	144-15-0		
Triethylcitrat / TEC	77-94-1		
Dimethyl adipate / DMA	627-93-0		
Dioctyl sebacate / DOS	2432-87-3		
Di-n-butylfumarat	77-93-0		
Di(2-ethylhexyl)fumarat	105-75-9		
Hexamoll DINCH	166412-78-8		
Trinonyltrimellitate / TNTM	35415-27-1		
Diocylterephthalate	6422-86-2		
OleoSoft (epoxized ester of rapeseedoil)	n.a.
